- 353.17** Any other business for discussion.

Note A

This is all based on our standard railhead. Same that you saw in the workshop. It is different to what you have there at the moment.

So below are the prices for different materials and includes the 5x posts required.

25mm x 8mm and 12mm round £535

40mm x 10mm and 16mm round £743

40mm x 12mm and 20mm round £951 - this is the same material that the old railings are made from.

If you want the exact same railhead as the older railings they will need to be forged and this will cost a lot more.

Fitting would be £350. Assuming we can be given a power and water supply.

Prices plus vat.
